

The **REVOLUTION**™

Sweep and Alley Systems

- THE ULTIMATE IN STOCK AND STAFF SAFETY
- THE ONLY KNOWN SQUEEZE RACE ON THE MARKET
- BUILT TO TAKE ON THE TOUGHEST CATTLE
- WITH A “BACK STOP” THERE IS NO RUNNING AFTER CATTLE IN THE RACE
- WALK THROUGH GATES DOUBLE AS DRAFT POINTS

The entire race on the sweep system has the ability to squeeze in to fit calves through to large bulls, all this makes for a safer, more fluent working system. Each panel pivots at the top and lifts from the bottom to allow easy removal in the case of laying cattle.
